“ *Victoria Lor was a wonderful lady to visit with who loved her family very much. I am honored to have known her and to watch the family she raised grow into the family she is so rightfully proud of.*

Hi Mom,

It's me. I wish you were still here so I can spend more time with you. Now thinking back, watching videos and pictures of us and the family I really miss you. Ever since you were gone everything never be the same for any of us without you here. "specially me". I know you up above watching over us and I hope heaven is nice. I wish you could just hug me, and be with me one more time. I missed you so much. There is nothing in this world that can ever replace the hole you left in my heart.

I wanted to write and let you know how deeply you are missed. Ever since you were gone thanksgiving and Christmas wasn't the same for any of us without you here.

In your absence of human form I never forget you and I love you with all my heart. Even through you aren't physically with me I know you are always with me. I miss you so very much. I miss you putting your arms around me and telling me everything is going to be ok no matter what the situation it always was and is. I miss your smile and your caring ways.

I do know you are in a much better place than I am. I believe dad, gram ma, gram pa (Txooj Xwm) and my father in-law (Chong Lor) and gram ma (Mee Kue) are also with you and a lot of your friends. I can picture you all sitting around the table eating and laughing. How's your garden in heaven mom? You probably planting and working in the flower bed at the moment. I bet you have a beautiful garden in heaven with every plant imaginable, smell the flowers? Each time I walk into a store that has gardenias in it I stop to smell them and think of you. Each time I listen to a sad song I think of you. I love you and I miss you mom and I will always love you until the day we are together once more.

Mom please keep coming to check on us all....we all need to feel your presence and your love that was and still is never ending. You are the best mom and gram ma anyone could ever have had. You always did your best for me, my lovely life and the kids.

Thank you mom for everything you have ever done for me. Thank you mom for being my mom till we meet again I love YOU!
